* Often, it is necessary for us to request that a student come for *Discovery* before we accept the student into the School. The Discovery period is two weeks. During this time, we determine whether the pathway is a suitable option for the student.

All students require a personal laptop with Windows 11 activated (Professional is better than Home version). EDU360 will supply 'Office 365 for Education' to each student during their tenure at our school and we will administer the antivirus and firewall settings.

Personal stationery costs are not included in the programme fee structure. A supply of pens, coloured pencils, ruler and highlighters are essential and remain the responsibility of the individual student.

Course stationery costs are included in the programme fee structure.
